WELCOME MESSAGE

FROM THE CHAIRMAN OF INDONESIAN PEDIATRIC SOCIETY EAST JAVA BRANCH

Children are the hope of our nation. The development and welfare of children is the priority for the purpose of creating a golden generation in the future.

In the world of pediatric care, each day brings forth new challenges and triumphs. It is through our collective expertise, shared knowledge, and a spirit of collaboration that we are able to navigate these challenges and provide the best possible care for our patients.

At this meeting, we have the opportunity to engage with renowned experts, share experiences, and gain insights that will undoubtedly contribute to our growth both as individuals and as a community. Let us cherish these moments of connection, as they serve as the building blocks for the advancement of pediatric care, focusing on gastrohepatology cases.

I encourage each of you to actively participate, share your invaluable experiences, and forge connections that will strengthen our bonds. Together, let us continue to be advocates for the health and well-being of our patients, ensuring that every child receives the care and attention they deserve.

dr. Sjamsul Arief, MARS, Sp.A(K)
Chairman of Indonesian Pediatric Society East Java Branch

WELCOME MESSAGE

FROM THE CHAIRMAN OF
GASTROHEPATOLOGY WORKING GROUP
INDONESIAN PEDIATRIC SOCIETY

The field of gastrohepatology in children is dynamic, marked by constant advancements in research, technology, and patient care. The advancement of knowledge is required in order to improve the quality of patient care.

Through forums like this, we have the opportunity to not only stay updated of the latest developments but also to foster a culture of collaboration that propels us forward as leaders in our respective domains.

This meeting is also a testament to the strength of our community—a network of professionals united by a common goal to unravel the complexities of gastroenterology and hepatology in children. This community is open to collaborate with any other multidiscipline to reach the final goal of fulfilling the requirement of high quality health services for children in Indonesia.

I extend my deepest appreciation to each one of you for your unwavering commitment to advancing the field of Gastrohepatology in children. I sincerely wish our discussions be insightful, our collaborations fruitful, and our shared journey towards enhancing patient care be both fulfilling and impactful.

Dr. dr. Muzal Kadim, Sp.A(K)
Chairman of Gastrohepatology Working Group
Indonesian Pediatric Society

MESSAGE

FROM THE CHAIRMAN OF 1ST PEGASUS

Greetings to all of us, Professor, Colleagues,

The role of pediatrician is important to provide high quality healthcare for children in Indonesia, not only at the service level but the community level from promotive and preventive aspects is equally important.

In the field of gastrohepatology, we are faced with challenges from complex cases, unique diagnostic approach, and rapid development of technology. This situation pushes us to update and enhance our understanding in this topic. The better knowledge we have, the better care we provide.

To answer these challenges, we are committed to create a meeting to advancing knowledge of gastrohepatology in children. We will have the privilege of hearing from esteemed speakers, researchers, and practitioners who are at the forefront of innovation in children's gastrohepatology. Their contributions and expertise will undoubtedly enrich our understanding and inspire us to continually strive for excellence in our roles.

As we embark on this journey of intellectual exchange, I invite all to participate in the 1st Pediatric Gastrohepatology Update Symposium (PEGASUS) in Surabaya.

The activities include keynote speech, plenary symposium, lunch symposium and workshops. Many experts from Indonesia and abroad will give us new insights and knowledge in this field.

We are hoping for support from all parties to for the success of the 1st Pediatric Gastrohepatology Update Symposium (PEGASUS) in Surabaya. May this meeting be a source of knowledge, a place to encourage a collaborative environment for a better approach for gastrohepatology cases in children.

Dr. dr. Andy Darma, Sp.A(K)
Chairman of 1st Pediatric Gastrohepatology Update Symposium
(PEGASUS)
